As we all know with the holidays just behind us, spring is just around the corner. Come and join us as we get ready for the 2008 baseball season with a 4 week long instructional pitching class. In these four weeks of classes, each athlete will receive instruction from two professional instructors. The focus in these classes is to fine tune the mechanics of pitching and the mental aspects of pitching. With only having 5 kids per class, you will need to reserve your spot early by contacting us at (770 419-9175. We look forward as the 2008 season embarks on us.

Both sessions will be instructed by Cobb Sports Professional pitching instructors Brian Parish and Eric Good.
